

# Cross Country

## AKA 4 Corners

Object: To be standing on a corner at the end of the turn.

Played on a 9 square court.

Start of game:

\*One player on each corner and one person in center square.

\*The person in center square starts counting down from 10 and the students in the line join in the counting.

\*While counting goes on players and person in center try to move to a new corner.

Everyone has to move off their corner or they are out. The one person who is not on a corner is out.

If there is a tie or disagreement on a corner then play one game of rock paper scissors.
